Floor Plan:

YELLOWSTONE ARTS COMPANY

Paint

Paint Costs						
	\$ per gallon	\$ per 5 gallon	\$ per set	Total cost		
Black	31.00	148.00		179.00		
Light Grey		300.00		0.00	covered by landlord	
Dark Green	31.00	148.00		241.00		
Painting supplies			40.00	40.00		
				\$460.00		

All paint will have a satin finish to them. The light grey paint will be applied by the landlord and the black and dark green will be applied by me.

I chose Black and Light grey because they are my personal color scheme. I chose the dark green to represent the forest of our namesake, Yellowstone National Park.

Colors

Black: Onyx

Light Grey:
Eggshell

Dark Green:
Dark
Everglade

YELLOWSTONE ARTS COMPANY

Paint

Lobby:

The Lobby will be painted light grey. There will be a dark green accent wall behind the front desk right as you walk in.

Student Lounge:

The Student Lounge area will be painted light grey.

Teachers' Lounge:

The Teachers' Lounge will be painted light grey.

Classroom:

The Classroom will be painted light grey.

YELLOWSTONE ARTS COMPANY

Paint

Bathroom:

The main Bathroom will be painted black.

Family Bathroom:

The Family Bathroom will also be painted black.

Studio 1:

Studio 1 will be painted dark green. There will be a light grey accent wall behind the mirror.

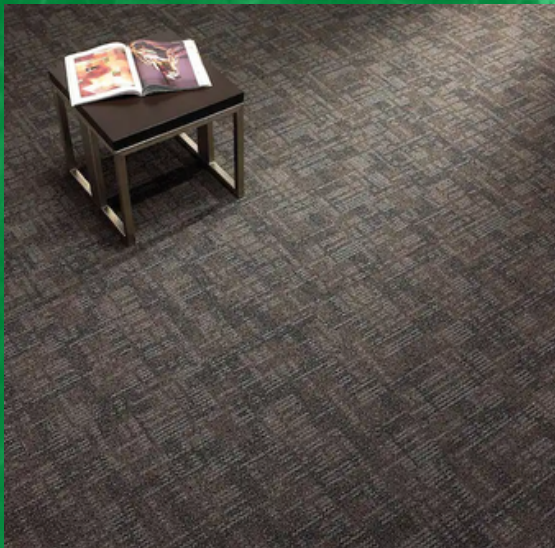

Studio 2:

Studio 2 will be painted light grey with a dark green accent wall behind the mirror.

Flooring

Flooring Costs		
	\$ per sq ft	Total cost
Carpet	3.32	3850.74
Bathroom Tile	1.60	228.60
		\$4,079.34

<- Carpet

Bathroom tile ->

YELLOWSTONE ARTS COMPANY

Flooring

Carpet:

We will have carpeting in the lobby, classroom, student lounge, teachers' lounge, and the back 3 ft of Studio 2. This amounts to about 1,359.86 sq ft of carpeting.

Tile:

There will only be tile in both of the bathrooms. This amounts to about 142.87 sq ft.

I am purchasing all of the flooring but my landlord has agreed to install the flooring.

YELLOWSTONE ARTS COMPANY

Dance Floors:

The Dance Floors at Yellowstone Arts Company will be assembled by me and my partner, Dean.

Step 1:

Start by measuring the space and looking for any problems with the existing floor. Then draw put you floor plan.

Step 2:

Seal the floor from moisture. I am going to use a 1.5 mm polyethylene sheeting to seal the floor from moisture. When laying out the sheeting, I'm going to overlap the sheets by 2 inches. This will ensure that no moisture can get in and harm my dance floors.

YELLOWSTONE ARTS COMPANY

Dance Floors:

Step 3:

We cut the 2x4's to our required lengths. For the vertical gridwork, we need 9 8'2" 2x4's, 9 8' 0" 2x4's, and 9 7'8" 2x4's. The horizontal sections need 7 3'6" 2x4's and 21 3'8" 2x4's. This adds up to 55 10' long 2x4's. Since we are creating 2 studios, we will need a total of 110 10' 2x4's.

Step 4:

Add closed cell foam for cushioning. We are purchasing a 50ft roll of 5.5in thick seal sill. We are stapling the seal sill to the bottom of the 2x4's in the grid.

YELLOWSTONE ARTS COMPANY

Dance Floors:

Step 5:

Lay out the gridwork with the closed cell foam against the floor. All of the 2x4's will have some millimeters of space between them so they are not touching. This allows the floor to have more give and makes it easier for the floors to be taken apart in sections to make repairs. We will also make sure that the grid is not placed directly next to the wall so the floor has room the breath and swell.

Step 6:

We lay out the plywood and attach it to the grid. We are using 3/4" A/C plywood. We lay the plywood on the grid with the A side up. Then we will screw the plywood into the grid work.

YELLOWSTONE ARTS COMPANY

Dance Floors:

Step 7:

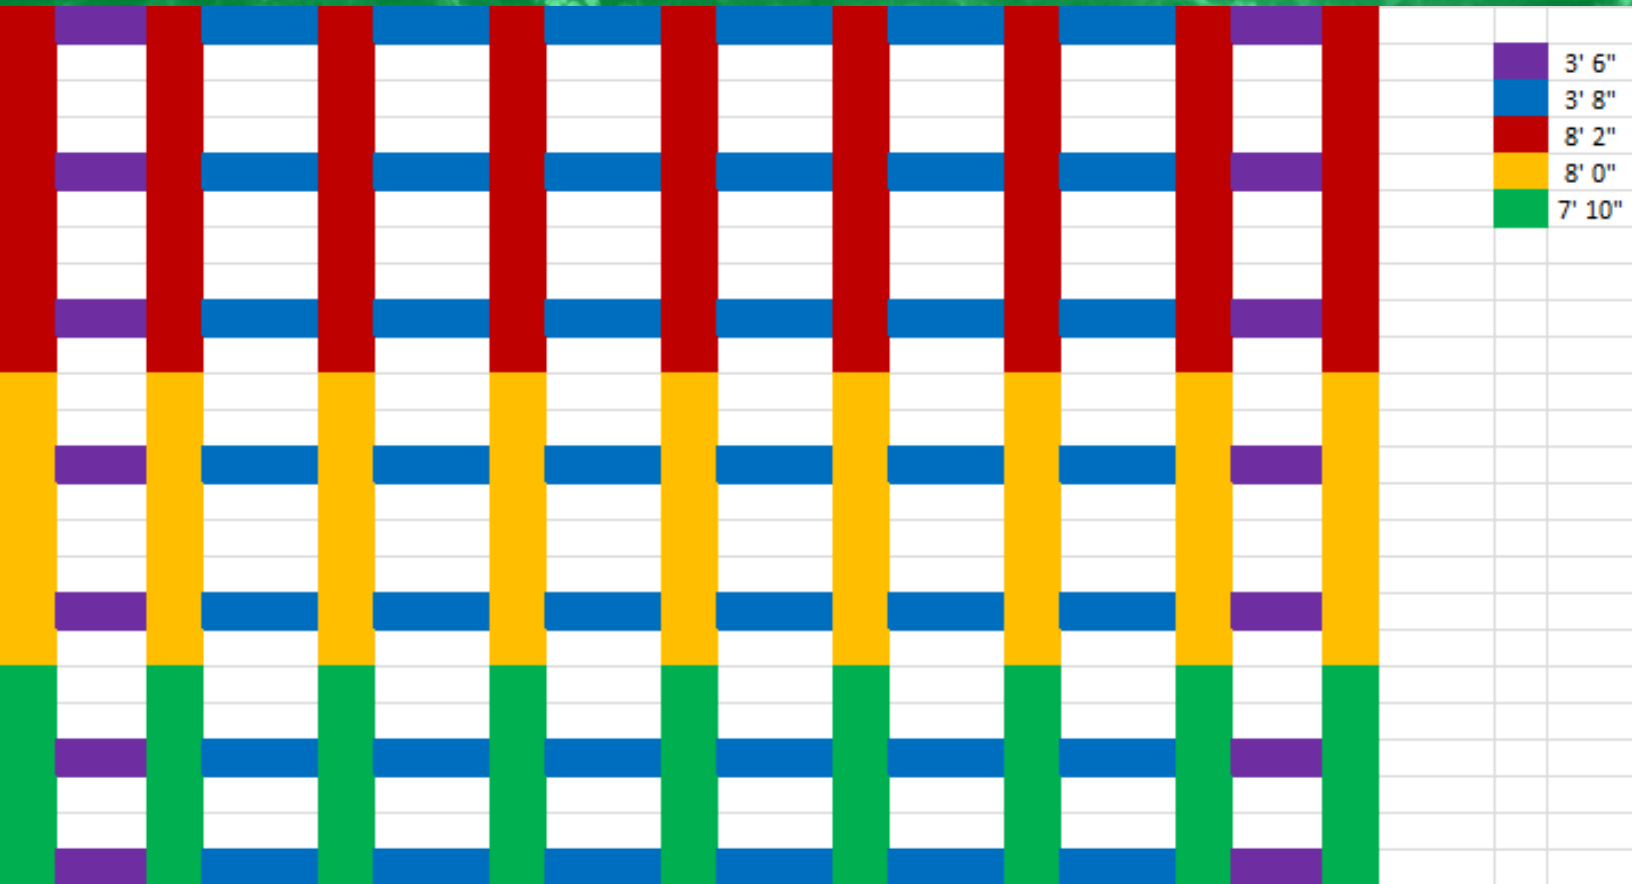

The Last step is to put the vinyl floor on top. We will be using the grey marley so we will have to roll it out and let it heat up to room temperature. We will lay the marley textured side down and make sure it is lying flat on the sub-floor and the seams are even. We will use double sided tape around the perimeters and middle of the marley.

YELLOWSTONE ARTS COMPANY

Mirrors:

The mirrors will be installed on the interior 32' wall on both Studio 1 and Studio 2. This means that they are being installed on opposite sides of the same wall.

Costs:

Mirrors: \$22,023.72

Instillation: \$1,884

Total:

\$23,907.72

YELLOWSTONE ARTS COMPANY

Barres:

We are ordering portable Ballet Barres from Ballet Barres online. They will be 6' long with an adjustable lower barre for stretching and the younger classes. These barres will be stored on the back wall in Studio 2 and on the side wall next to the music storage area in Studio 1. This way, they are in the studios to quickly pull them out before class but they are out of the way enough that they won't interfere with the dancing.

Costs:

\$358 a piece x 16 barres =
\$5,728

YELLOWSTONE ARTS COMPANY

Barres:

YELLOWSTONE ARTS COMPANY

Camera:

I am choosing to have a camera in the studios. This is the best option because due to my floorplan, there isn't a lot of room right outside the studios for the parents to crowd around and try to watch their kid through a window. By having the camera monitors set up in the front of the lobby by the front door and front desk, the parents will stay out there instead of crowding in the back by the studios. I will also have a camera in the classroom that is just recording, not displaying on the monitor as a safety precaution.

Costs:

Camera Systems: \$1,439.97

Instillation: \$1,718

Total:

\$3,157.97

YAC

YELLOWSTONE ARTS COMPANY

Logo:

I chose the forest background to represent the connection between the studio and its namesake, Yellowstone National Park.

I chose the colors because black and light grey are my personal style colors and I thought they paired well with a darker forest green (that also comes from the forests of Yellowstone).

I chose the font because it resembles the font used in the Yellowstone TV drama series.

I came up with this logo through the different Canva elements that you can add to your work. I chose this design because it showed off the forest outdoorsy look that I wanted and the image was set up to draw the eye into the space where the studio name is.

Since the logo has a lot of little details to it, I decided to do simpler designs that just utilize my studio name and signature font and colors for things such as merchandise and clothing.

YELLOWSTONE ARTS COMPANY

Sign:

We will have a lighted sign that is just our name in our signature font on the front of our building above the front door. On the side of the building that faces the roadway will will have another lighted sign that included the forest background of our logo.

Costs:

Front of building sign: \$300

Side of Building sign: \$320

Installation: covered by landlord

Total:

\$620
